DETAILED ACTION

Receipt is acknowledged of amendment filed on 9/26/05. The amendment canceled claims 1-35 and added claims 36-51. Claims 36-51 are pending in the application and the status of the application is as follows:

The following new ground of rejection is necessitated by the amendment.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 36-51 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

3. The claims are drawn to method of ameliorating or treating cellulite comprising topically applying perilla oil. There is no etiology for the treatment of cellulite. See the abstract by Avaram Mathew. Applicant's attention is drawn to the last sentence, which states, "There are no truly effective treatment for cellulite". This article is published after the filing date of the instant application. See also the abstract by Van Villet also states "there is consensus as to the etiology of cellulite". Both the articles, which are after the filing date of the application and it is the position of the examiner that the claims fail to comply with 35 U. S. C. 112, first paragraph.

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action.
